**COLLEGE OF DESIGN
IOWA STATE UNIVERSITY**

NEW EMPLOYEE RESOURCES

(last updated September 26, 2024)

GETTING STARTED

Welcome to the College of Design!

This document is intended to ease the transition into your new position, to the College of Design, and to Iowa State University. It is also a good resource for existing faculty and staff members.

You will encounter situations that are unfamiliar to you, that are ambiguous and sometimes counterintuitive. The best advice: Ask before acting. Ask your department chair, your departmental partner, your faculty mentor or your supervisor.

The goal with this handbook is not to replicate information available elsewhere, so in many cases, you will find links to appropriate sites, information resources and so on.

ISU ONBOARDING INFORMATION: Please review for additional content:

https://iastate.service-now.com/uhr?id=kb_article_view&sysparm_article=KB0021200

STARTING YOUR EMPLOYMENT

1. Sign up for payroll. This step is necessary before going any further.

- <https://hr.iastate.edu/>
- 3810 Beardshear Hall ([map to Beardshear](#))
- 515-294-4800 or toll free 1-877-477-7485

This step will also begin the process for your benefits package.

2. Get your ISU ID card.

- <https://www.isucard.iastate.edu/>
- 0530 Beardshear Hall ([map to Beardshear](#))
- 515-294-2727

3. Get a Net-ID (your email address).

- Click [here](#) to sign up for a Net-ID.
- The Net-ID also serves as your login name for most applications (including email) on campus. When you register for your Net-ID, you will be automatically set up for Workday and email.

4. Inform the College of Design (134/146 Design) of your status.

- Inform **Amy Bannister** (amyb@iastate.edu) or **Shawnia Silverthorn** (shawnias@iastate.edu) of your new University ID number (located on your red ISU Card) and your email address.
- Shawnia will also start the process to get you access to the building and your office and/or studio keys.

5. Inform the Administrative Services Office (146 Design) of your status.

- Meet with your **departmental partner**, who will add any additional department-specific information. (See the Administrative Services Office section of this document for departmental contacts).

6. Determine your parking options.

- <https://www.parking.iastate.edu/>
- Department of Public Safety
- Room 27 Armory ([map to Armory](#))
- 515-294-3388

7. Login to Workday to set your personal information.

- <https://iastate.okta.com/app/UserHome>
- You will login with your ISU ID (from your red card).
- Pay particular attention to **Emergency Contact Information** and the **ISU Alert** areas.
- Begin by navigating to [OKTA](#) and sign in using your ISU Net-ID and password. This will open a dashboard that you will navigate frequently for daily tasks.
- In the upper left corner you will see a navigation bar with the house symbol that says "My Apps." Here, you can create sections that organize the applications you will be using. Examples of this would be a section for Daily use apps, benefits apps, Misc apps, etc. You can customize this dashboard as you see fit.
- You can add apps that you will need/want by clicking on the "Add apps" toggle. This will take you to a list where you can search for apps that you may need to add to your dashboard.
- Once you have logged into OKTA, you can open the Workday portal. You should see your welcome page that has a few commonly accessed titles within Workday for daily/weekly use.
- If you click on the menu button in the upper left corner, this will open a list of navigable tabs to complete certain tasks.
- NOTE: If you click on the red **IOWA STATE UNIVERSITY** logo in the upper left corner, it will redirect you back to the Welcome page of Workday.

ABOUT THE UNIVERSITY

“Iowa State University is an international university with a friendly welcoming personality. Students from all 50 states and more than 100 countries come to Ames, Iowa, to choose from [100 majors](#), study with world-class scholars and hone their leadership skills in [800-plus student organizations](#). Iowa State offers a great environment where students can enjoy reaching their potential and discovering their passions.”

- [ISU Fact Book](#)
- [Peer Institutions](#)

ABOUT THE COLLEGE OF DESIGN

Mission:

Educate students to become successful designers, planners, artists, and scholars who improve the quality of life, enhance human experience, and advance environmental sustainability; and to serve as a resource for Iowa and beyond through research, creative endeavors, extension and outreach.

Values:

Innovation, curiosity, collaboration, open exchange of ideas, diverse perspectives, environmental and social responsibility.

Vision:

Our vision for the College of Design is to be the leading comprehensive college of design in the world. Our faculty, staff, students, and alumni will increasingly be known for their ability to lead interdisciplinary processes and draw upon disciplinary expertise to generate informed, innovative responses to challenges and opportunities.

To view the four interrelated priorities and goals identified to achieve this vision, please see the [College of Design Strategic Plan 2022-2030](#)

The Iowa State University College of Design is home to seven departments ([Architecture](#), [Art and Visual Culture](#), [Community and Regional Planning](#), [Graphic Design](#), [Industrial Design](#), [Interior Design](#) and [Landscape Architecture](#)) with over 160 faculty members, 40 staff members, roughly 1,910 undergraduate students and 180 graduate students. We're a small college at a big university, and you can enjoy the best that both have to offer.

Most of our undergraduate students entering the College of Design enroll in the [Core Design Program](#), a first-year foundation curriculum that prepares them for application to any of our degree programs: architecture, biological and premedical illustration (joint program with College of Liberal Arts and Sciences), community and regional planning, graphic design, industrial design, integrated studio arts, interior design and landscape architecture. Undergraduate students can also add interdisciplinary design as a secondary major.

Graduate students can enroll in master's programs in architecture, community development (online only), community and regional planning, experiential graphic design, graphic design, industrial design, integrated visual arts, interior design, landscape architecture, real estate development (interdepartmental major, hybrid in-person and online), sustainable environments and urban design.

GENERAL INFORMATION

The college sends an e-newsletter to all faculty and staff called “This Week in the College of Design.” This email is sent every Monday morning during the academic year (mid-August to mid-May, except some university breaks). **This is the primary source of information sent from the college.** It includes current activities and events as well as important information from the university, college and departments, in addition to faculty, staff and student recognitions. We recommend you read “This Week” regularly as it may contain important information applicable to you.

COLLEGE WEBSITE

The College of Design maintains a comprehensive website at design.iastate.edu. The site is recruitment-oriented to appeal to prospective students. Under the Info and Resources tab is a link for [Faculty and Staff](#) that includes quick links to D-TRAK, online room reservations ([Skedda](#)), CyBox, university directory, schedule of classes, etc., as well as forms and guides (travel authorization request form, field trip participation agreement, design P&T information), governance documents, marketing and communication requests, etc. There are also links to university-wide resources.

DIRECTORIES AND PERSONAL INFORMATION

The college maintains an electronic directory of faculty and staff. The directory is populated from information mostly provided by you. This information is entered using the [college intranet](#) (D-TRAK). Login using your Net-ID and password. The category “Update Your Info” provides links to update your information (education, current research, etc.), add faculty activities (grants, publications, exhibitions, classes, etc.), upload a vita, etc. This may need to change with the new website implementations – please keep an eye on your emails for such updates.

You are required to maintain your faculty/staff info. In addition to providing current info on you, it can also be used as part of your annual reporting process for performance reviews. Current directories (faculty-staff roster) can always be printed by accessing the [college intranet](#)

OFFICES

Most full-time faculty have an office with furniture (desk, chair, file cabinets, shelving, phone, network connections). Some offices are shared due to space constraints and usage. For tenure-track faculty only, computers are typically provided as part of your startup package; the college currently has a 4-year replacement cycle for basic machines (subject to annual budgets). For all employees, if you need equipment, please start the conversation with your department chair or supervisor.

If you need a cart to help you move materials, please see **Shawnia Silverthorn** (shawnias@iastate.edu) in 146 Design.

RECYCLING AND MATERIAL DISPOSAL

The university recycles white paper and cardboard. White paper can be placed in any of the blue bins in your offices and studios. Cardboard should be taken to the dock (on the ground level of the SW corner of the building). Please make sure that all packaging materials are removed from the boxes. Please do not put any flammable liquids or leave any broken appliances or furniture on the dock. Contact the building manager, **Jeremy Thurlby** (jthurlby@iastate.edu), for information about disposal procedures.

KEYS

You will be authorized for a key to your office. Key requests are initiated through the college. You are expected to go to [Facilities Planning and Management](#) to pick up keys when they are ready. Your ISU Card also serves as a key card to access the building. You will be authorized for all-hours access to the building. The mail room, 158 Design, requires an individual code unique to you that you can find on D-TRAK. Some of the studios in the building have electronic locks, and some use a realtor's lock box. **Shawnia Silverthorn**, in 146 Design, can assist with classroom access. If you need to reserve a room for a meeting or want to use another classroom for something, please schedule this with **Shawnia or using Skedda** and you may check out the keys from her. Certain rooms may need to be reserved through your **departmental partner**.

MAIL

USPS and express mail are delivered by the college Administrative Services Office to your mailbox in Room 158 College of Design. University business-related outgoing mail should have a mailing slip attached to it with the appropriate bar code sticker and can be deposited in the outgoing mail slot in 146 Design. Barcode stickers and mailing slips are available in 146 Design at the main reception desk. Sending or receiving personal mail or packages is not allowed. Please use other means.

College of Design's mailing address:

146 Design

Iowa State University

715 Bissell Road

Ames, IA 50011-1066

TELEPHONES (LAND LINE AND CELLULAR)

Your office may have a phone. If so, the office phone is not to be used for personal calls. The university has contracts with U.S. Cellular and Verizon; however, your department will not provide for cellular service for your business use unless your position requires extensive travel (e.g., Extension faculty) or if you pay for it from contracts or other sources (assuming it is allowed). Any university-paid-for phone is not intended for personal use. **To dial out: Press 81 then dial phone number**

RESTROOMS

Restrooms are located on each floor of the main College of Design building and the King Pavilion. A gender-inclusive/family restroom is located on the ground floor of the College of Design, near the loading dock entry. A new inclusive/family restroom and lactation area, both on the first floor, will be coming soon.

PARKING

Parking is not included as a benefit. While there are [many options](#), most faculty and staff choose to purchase a parking permit. The parking division is located in the Armory. It is common to offer visitors (lecturers, guest critics, etc.) one-day parking passes. You can get them from your **departmental partner** or **Shawnia Silverthorn** (shawnias@iastate.edu) in 146 Design by providing the name, address, phone number and email address of the visitor, along with your department Worktag to charge it to. Or, you can have the visitor [request a parking permit](#), and note there is a fee.

If you want the parking permit to be sent to the visitor ahead of time, you will need to communicate this with your **departmental partner** or **Shawnia** (shawnias@iastate.edu). Otherwise, the visitor can come to Room 146 when they arrive and ask for a printed parking permit; it would be a good idea to give the staff a heads-up that they're coming before they arrive on campus. All guest passes are for the General Parking areas (Yellow). If guests park in Reserved (Red) or any spaces other than General Parking, **they will receive a ticket** even with a visitor parking pass.

ISU INFORMATION TECHNOLOGY

A majority of campus information technology services are handled by the Office of Information Technology. Their website has many subareas of information and how-tos. The college also has an IT unit headed by **Mike Miller** (mcmiller@iastate.edu). The college IT team will work with you to get the right equipment ordered and set up with the software you might need. The team can be contacted through the support help line, 294-1774.

EMERGENCY AND SAFETY INFORMATION

In case of FIRE

In case of a fire alarm in the building, all faculty and staff are expected to leave their offices and evacuate classrooms and studios. Please proceed to the main level using the staircases (not the elevators). Staff will be positioned at the stairways to direct you and your students to a safe place.

In case of TORNADO

If the tornado sirens sound on campus, all faculty and staff are expected to leave their offices and evacuate classrooms and studios. Please proceed to the ground floor of the building. Follow the signs directing you to the designated tornado shelter area.

Other EMERGENCIES

If there is an emergency on campus that requires a building evacuation or lockdown, please check the college or Iowa State websites first for additional information. Depending on the situation it may be necessary to evacuate the building or barricade yourself and your students in a studio or classroom. The administration and the ISU Alert system will help keep you informed. Each teaching studio has a first aid kit. There are also first aid supplies in the King Pavilion restrooms. Contact **Shawnia Silverthorn**, shawnias@iastate.edu, if the kits need to be replenished.

In case of STUDENT CRISIS

Make sure that you are familiar with the policies and procedures outlined on the [Dean of Students Office website](#).

In the event of a crisis requiring emergency response, please call 911 or contact the Iowa State Police Department at 515-294-4428. When an emergency occurs, the Dean of Students Office will typically be notified. If a critical campus-wide situation occurs, the [ISU Alert](#) emergency notification system may also be activated. For further information on understanding students in distress, visit the [Office of Student Assistance](#).

ISU FACULTY HANDBOOK

The [Faculty Handbook](#) is your go-to guide for all university policy regarding your professional life (and even some of your personal life). It includes the following general categories:

- The Faculty Handbook
- The University
- Appointment Policies And Procedures
- Salaries And Benefits
- Evaluation And Review
- Faculty Recognition And Development
- Faculty Conduct Policy
- University Community Policies
- Faculty Grievance Procedures
- Instruction

GRADUATE COLLEGE HANDBOOK

For policies regarding graduate students, including committees, “programs of study,” thesis vs. creative component, deadlines, etc., see the following:

[GRADUATE COLLEGE HANDBOOK](#)

COLLEGE GOVERNANCE DOCUMENT

The [College of Design Governance Document](#) defines the organization of the college and policies and procedures that supplement university policies and procedures with regard to hiring, promotion and tenure review, roles and responsibilities of college committees (called councils and boards), etc.

DEPARTMENTAL GOVERNANCE DOCUMENTS

Each department also has a governance document that outlines membership, organization, promotion and tenure policies (that supplement the college and university policies), etc. Links to departmental governance documents are provided in the Shared Governance section of the [College Governance Documents](#) page on the college’s internal website.

ISU POLICY LIBRARY

For all policies the [ISU Policy Library](#) is a one-stop shopping location.

[ACADEMICS](#)

Students, Faculty, Endowed Chair & Professorships, Special Course Fees, Scheduling of Instructional Rooms, Conflicts of Interest & Commitment, Consulting, Undergraduate Student-Employee Grievances, and more.

[BUSINESS ADMINISTRATION](#)

Trademarks, Business Conduct, Gifts, Payroll, Expenditures, Purchasing, Sales, Accounting, Receivables, Travel, Vehicles, and more.

[FACILITIES-PROPERTY](#)

Facilities & Grounds Use, Equipment Acquisition & Disposal, Inventory, Animals on Campus, Scheduling & Space Allocation, Naming, Parking, Solicitation, Keys Building Access, and more.

[INFORMATION-TECHNOLOGY](#)

Acceptable Use, IT Security, Privacy, Records, Social Security Numbers, Wireless, and more.

[PERSONNEL, CONDUCT & HUMAN RELATIONS](#)

Benefits, Classifications, Salary Adjustments, Privacy, Student Employees, Discrimination, Conflicts of Interest & Commitment, Background Checks, Hiring Authority, Dismissal, Volunteers, and more.

[RESEARCH & INTELLECTUAL PROPERTY](#)

Animal Subjects, Human Subjects, Export Controls, Contracts & Grants, Patents, Copyrights-Software, IACUC, IRB, Research Misconduct, Laboratory Use, Effort Reporting, Cost Share, Training, Reporting Results, Research Equipment, Biohazards, and more.

[SAFETY & HEALTH](#)

Accidents, Biosafety, Air & Water Quality, Fire, Firearms, Environment, Water, Smoke-Free, Drug-Free, Violence-Free, Children & Youth, and more.

[STUDENT LIFE](#)

Residence, Student Organizations, Privacy, Emergency Notification, Missing Student, Student Disciplinary Regulations (Code of Conduct), Alcohol, Drugs, Sexual Misconduct, Consenting Relationships, and more.

ADMINISTRATIVE SERVICES OFFICE PROCEDURES

ORDERING OFFICE and CLASS SUPPLIES

Basic office supplies (staplers, tape, file folders, etc.) can be ordered. The primary point of contact for your office supplies is the departmental partner/business administrator for the department. **If there is a question about who pays, it is usually brought to the department chair who may choose to approve the purchase from departmental accounts.**

If you are ordering supplies for a **specific course** for which course fees have been assessed to students, the **primary point of contact is your departmental partner/business administrator** for your course.

When purchasing supplies on your own, it is a good idea to check with the Administrative Services Office and your **departmental partner** first to ensure that you can be reimbursed.

The Administrative Services Office has some supplies on hand like pens, markers, highlighters, sharpie markers, paper for the copiers, paper clips, binder clips, sticky notes, tape. These items are to be treated as supplemental, as needed items. Envelopes labeled for the Dean's office and mailing instruction cards to attach to mailings are available in Room 146. Expo markers are available in Room 146 to all faculty/staff.

For a general guide to buying materials through the university, the Purchasing Office has a web page called "[How do I buy...](#)"

PHOTOCOPYING/PRINTING

Faculty are allocated a monthly allowance for general copying/printing on the college printer/copiers in room 158. It is expected that most documents (course syllabi, assignments, readings, etc.) will be made available online. Large print jobs (necessary class handouts, report production, etc.) are to be done through [ISU Printing Services](#).

The copiers also serve as scanners which email you the final scans. ISU Printing Services has large-format printing as well, but you can also use the [College of Design Output Center](#) on the fourth floor of the College of Design. If this is a reimbursable expense, you will need to set up an account and get access to use that account in the college Output Center. Please see **Dustin Smith** to get this process started.

Larger copying jobs may be sent to ISU Printing Services. You must work with **your departmental partner**, to arrange outsourced copy or printing jobs. They will need to know what it is for (course, course paid with course fees, professional development, etc.). Any expense involving department/college funds will require approval by the chair.

BOOK ORDERS

Textbooks for classes are typically ordered early in the semester before the class is offered. Your departmental partner will send out notices and reminders. Your departmental coordinator typically will be the person in charge of sending in your Adoption list of course materials for you; however, your department may have you do this on your own as well.

If you prepare readers for classes, those are handled through third-party commercial vendors. For those of you who are new to the college, here are some guides that will walk you through the process:

- [Course Reserves Guide](#)
- [Creating a Course Shell in Canvas](#)
- [Enabling Course Reserves in Canvas](#)
- [Beginning Course Reserves](#)
- [Requesting New Items for Course Reserve](#)

If you have any questions or need help with this process, or anything else, please don't hesitate to reach out to the bookstore. The contact information is below.

Other Resource: Iowa State University Book Store

If faculty are needing a desk copy of their course book, this may be ordered through the Publisher's Representative of the course book and not through the University Book Store (UBS). If you're having trouble finding the Publisher's information, the UBS can help you with that.

If you need to purchase items from the UBS for your courses or office/classroom, you may do so through the UBS. Make sure you have your department Worktag to order with; your departmental coordinator should have this information for you.

If you are in need of Course Packets and not books, then you or your departmental coordinator will send this list to UBS and they will set that up for you.

Contacts at [ISU Bookstore](#) that can help you

Carl Arbuckle: carabuc@iastate.edu / 4-0236

- Desk copy of books for courses
- Print course materials

John Wierson: jwwiers@iastate.edu / 4-3501

- Digital course materials

Emma Hartman: ehartman@iastate.edu / 4-0362

- Adoption Lists
- Course Packets

COURSE FEES

Course fees are charges above tuition that are used to cover “exceptional costs.” See the [University Course Fee Policy](#).

Authorization to assess special course fees for exceptional costs will be granted on a case-by-case basis. Examples of costs that may be recovered by assessing a special course fee include:

- Required travel costs for students to visit off-campus sites as part of the course.
- Consumable supplies, such as art supplies.
- Non-inventoried instructional materials used as part of the course.
- Maintenance costs of instructional equipment.
- Amortized replacement costs of equipment with a typically expected usable life of less than five years.

The [ISU Course Catalog](#) and the [schedule of classes](#) must list course fees associated with a course, so fees must be initiated as part of the annual catalog revision process. All course fees are fixed, while others (typically involving field trips) are variable, but the fee must be established before the **Oct. 1** deadline for spring semester and **March 1** deadline for fall semester.

TECHNOLOGY SUPPORT

Students receive [technical support](#) in the college with software, lab access and an [output center](#) on the fourth floor. The output center also has a range of equipment available for check out (cameras, tripods, etc.). Both faculty and students enrolled in College of Design have access to Adobe Creative Cloud.

TRAVEL

Faculty often engage in travel to present papers at conferences, to attend meetings, for professional development or as part of their teaching or research. In other words, travel is expected, but we need to be sure it doesn't significantly interfere with your other responsibilities. In terms of travel expenses, the university considers travel to be a reimbursable personal expense. The following is the go-to website for [general travel information and how-tos](#). **Individual departments may also have departmental travel policies. Check with your chair or departmental partner.**

<http://www.controller.iastate.edu/travelinformation/homepage.htm>

University Policy – Authorization and Funding

You must have permission to travel using university funds. Please review the [policy](#) before traveling.

University Policy – Reimbursement

Reimbursement is intended to cover “extraordinary” expenses associated with travel, not expenses that you would incur whether you were traveling or not (haircuts, dry cleaning, etc.). See the [Summary of Allowable Expenses](#)

It is preferred that expenses like air tickets are purchased through the Administrative Services Office. Your **departmental partner** is the point of contact for travel arrangements and travel reimbursements. Some expenses are reimbursed post travel. Please review the reimbursement [policy](#).

[Transportation Services](#) offers a range of vehicles for rent for travel. You can make reservations on your own, through your departmental partner, or through one of the Administrative Services Office staff. If you do it on your own, you will still need a Worktag, so you will need a [Design Travel Authorization](#)

[Request Form](#) and authorization. If you are paying from a research grant, you can do it, but please inform the person managing your grant account.

Field trips are important experiences for College of Design students. Work with your departmental partner to make travel arrangements.

ISU also has agreements with Enterprise and National that apply to personal travel as well as business travel. Please note that those contracts will have to be paid by you personally, then reimbursed by the university.

USE OF SPACE

CLASSROOM REQUESTS

Classrooms are assigned via a range of methods. Room scheduling typically starts about a year in advance. For classes scheduled outside of the College of Design, classes are assigned by University Room Scheduling. If you have specific requirements for classrooms (movable furniture, audio/visual, etc.) please inform the department chair as far in advance as possible. Please remember that if a class changes times or the maximum number of students allowed to register changes, the scheduling process will also have to start over. This can result in delays in the scheduling process. There are blackout periods prior to the beginning of each semester when classroom changes CANNOT be made.

COLLEGE SPACE REQUESTS

To request the use of Gallery 181 or Room 181-1, please contact Gallery Manager **Rachel Connell**, raconn@iastate.edu. To request the use of other spaces in the building, contact your **departmental partner** or Administrative Assistant **Shawnia Silverthorn** (shawnias@iastate.edu) in 146 Design. You can reserve some spaces, like 116 Design, 158A Design, 411 Design, etc., through the [college's online booking system, Skedda](#). Kocimski Auditorium (101 Design) will need to be reserved through the [University Room Scheduling Platform](#) and not through the College of Design.

COMMUNAL SPACE REQUESTS

To request the use of shared space (e.g., Atrium, 116 Design) you must use [Skedda](#), the online booking system for the College of Design. You may need to request Skedda access from **Mike Miller** (mcmiller@iastate.edu). **Shawnia Silverthorn** in 146 Design (shawnias@iastate.edu) can help you to make room reservations as well. ***PLEASE NOTE*** just using Outlook will **NOT** ensure a room reservation!!

STUDIO REVIEWS

Beyond space, faculty may need access to pin-up boards, display screens, model stands or chairs:

- Rolling white boards for pin-ups are located in the lobby of Kocimski Auditorium (first come, first served).
- Model stands are located in room 169 Design. Ask **Rachel Connell**, raconn@iastate.edu for use of these items.
- The fourth-floor Output Center can help if a screen is needed.
- Clean up after class. Return all items to their respective spaces.
